

Heritage Golf and Spa Resort

Images of a magnificent and rich past

Imagine a resort between sea and mountain, situated in the midst of lush vegetation. Think of a high classed hotel where your dreams come true. Imagine a holiday far from the madding crowd...

The fulfilment of your wishes has just become reality on the unspoilt south coast of Mauritius in the form of the newly built Heritage Golf and Spa Resort.

This resort pays tribute to the different cultures of Mauritius that were brought to the island centuries ago. An insight into these different influences may be seen in the authentic architecture, the interior decoration and the gardens with their harmonious combination of stone, wood, thatch and shingle roofs.

The 160 trendy rooms are arranged along the beach front. Warm colours and precious materials contribute to a tropical atmosphere.

The villa offers you absolute privacy. Whether you enjoy the vivid colours of the sunset from your veranda, share an exotic barbecue with friends, or enjoy a midnight bath in your own private pool... comfort and sensual pleasure will be yours at this haven of peace!

Located on the south coast, in a peaceful and unspoilt environment, the resort offers all kinds of sports and activities for an exciting holiday. The children have their own little haven where a dedicated team takes care of them. Entertainment programs take place inside or outdoors, providing fun and pleasure for both children and teenagers.

The Heritage is the right place for you, whether you like to discover the wild South, are in search of tranquillity, or simply want to dwell in your very own haven of peace and happiness with your partner.
