

Mourouk Ebony Hotel

"Simply different!"

When your journey to Rodrigues takes you to the Mourouk Ebony Hotel, do not expect to find the cool glamour or luxuries of a 5 star establishment. Rather count on priceless, genuine warm-hearted Rodriguan hospitality. Built on a hill, the hotel faces a vast lagoon with various shades of blue and turquoise contrasting the pale yellow of the sandy beaches which surely remind one of African Savannahs.

The interior of the rooms focuses on simplicity, providing the perfect basis for relaxation, undisturbed intimacy and closeness to Mother Nature. The 30 rooms are divided into 10 units "Casa Creole" style with the hotel trademark red roofs. Each room has its own verandas and a small garden adding to the atmosphere. Perfecting this image is the very caring staff, an enjoyment in itself and well worth mentioning.

The gastronomic experience finally is a love story between organic vegetables grown on the premises and seafood freshly caught in the lagoon, served either on a terrace with a view or directly at the beach. This fine cuisine of carefully prepared island dishes ensures wonderful memories of an extraordinarily delightful island vacation.

At the foot of the hill on the beach The Mourouk Ebony hotel provides a full range of water and land sports as well as a dive centre and the Osmosis Club. Both the dive centre and the Osmosis club are found in the one end and on the other end the beach restaurant are found. Sega and other dance shows contribute to the guest's entertainment.
