

Voile d' Or Resort & Spa

"Living in style can be so much fun"

If Mauritius is the jewel of the Indian Ocean, the recently constructed five-star Voile d'Or Resort and Spa must be one of its highlights.

The "Golden Sail" was inaugurated in December last year by the Prime Minister of Mauritius himself. It is located on 10 hectares of land in a newly developed area in the Southwest called Bel Ombre and surrounded by sugar cane, banana and coconut plantations. It borders on an endless beach, and offers a scenic view over the coral reef and the nearby hills.

Embracing a revolutionary "third millennium spa", inspirational sports and leisure facilities and a world renowned consultant chef, it represents the concept of integrated hotels in Mauritius, a new generation of establishments carefully adapted to and seeking to not destroy the natural beauty of the island.

The range includes 181 extra large rooms, beachside Club Rooms and sumptuous Suites, many with a private garden. Half of the rooms are interconnecting and many are equipped with sofa beds. They are furnished in colonial and contemporary style, some with round, and others with romantic four poster beds. The bathrooms feature round double bathtubs, the suites are equipped with Jacuzzis.

With a magnificent 275 square meters living space, tiny pool and privet garden, the Royal Suite really measures up to its name. The family rooms have an additional adjoining bedroom featuring bunk beds and a TV set with play station. They accommodate 2 teenagers and a child. Deluxe category is upstairs on the first or second floor, while Prestige is on the ground floor with a private garden.

The Colonial Club House is a hotel within the hotel. This tranquil haven for Club and Suite guests comprises a library, business centre, swimming pool, bar and restaurant serving complimentary all-day breakfast, afternoon tea and cocktails. At night it becomes the fine dining restaurant "Le Gavroche des Tropiques", little sibling of the famous London Restaurant by award winning chef Michel Roux Jr. and under his patronage.

More culinary delights are offered in the "Pousada" Restaurant with traditional cuisine, the Sirocco with light lunches and lobster, the "KazbaR", socializing and meeting place with snacks, cocktails Sega and traditional tea; and last but not least the hotels music lounge and disco "Shahrazad" with a variety of tropical drinks and chill-out music.

"Health through water" is the motto of the Spa "Aldana". Its partially submerged therapy rooms where you can get a massage or a body wrap while exotic fish are swimming by with a curious glance, have made headlines in tourist magazines. A cornucopia of treatments is offered, to relax, rejuvenate, detox, distress and foster wellbeing of body and soul. A separate entrance leads to the very private VIP suite. A specific vitality spa Light Menu has been created by Chef Michel Roux.

Sports and leisure includes several swimming pools, a fitness Centre, beachfront mini clubs for children and teens, the Marine Centre and membership of the historic 18-hole golf course Gymkhana with limousine service.

After sun activities take place at the "Bis'Kit" Pottery workshop or the Whiff! Perfume atelier where you may live your creative streak.
